

Independent Project Criteria

- Must have a wireframe sketch and color palette before creating the website.
- Minimum 3 linked pages or 3 distinct sections on a single-page design with internal linking.
- Design: a clear divide between navigation, headings, and content. Consistent visual style.
- Needs to have a consistent color scheme throughout the website, applied using color codes (not using color names)
- Needs an external stylesheet.
- Needs to have a consistent navigation bar on every page.
- Home page is named *index.html*
- Needs to have Classes and IDs.
- Needs at least three images. [copyright-free/public domain/ creative commons or labeled with attribution (seriously)]
- Proper folder structure. (all HTML at top-level, CSS in css folder, images in image folder)
- At least 5 comments in the HTML pages.
- At least 5 comments on the CSS stylesheet.
- Needs to use a font from Google Fonts.
- Needs to be hosted on GitHub Pages.

Suggested Topics:

- Food, Cooking, Recipes
- National Monument
- Travel Destination
- Tribute Page to Person, Place, or Thing
- Non-Profit Organization or Fictional Business

Group Project Criteria

- Maximum 4 people per group, minimum 2.
- Same criteria as Independent Project except: minimum 4 Pages (cannot be a single page design), minimum 7 images

Suggested Topics:

- Fictional Restaurant
- New York Landmark
- Informational Site (historical person, product, or service)
- International Monument
- Informational/Educational site about a hobby or interest

Due Date:

Independent and Group Projects are due at the end of the last class. (Additional cosmetic tweaks may be made after the last class and before graduation but the project should meet all criteria by the last class.)
